**TO: ALL CALIFORNIA LAW ENFORCEMENT AND CRIMINAL JUSTICE AGENCIES**

The Department of Justice (DOJ) is adding a new feature to the Megan's Law Internet Web Site. This feature will allow the public to report information about registered sex offenders directly to DOJ which will then be forwarded to the appropriate local law enforcement agency. This feature will help improve the accuracy of the data that is currently displayed on the Web Site and help locate sex offenders who are in violation of their registration requirements.

A red telephone icon (see circle below) will be prominently displayed throughout the Megan's Law Internet Web Site. When a user clicks on the telephone icon they will be instructed to open a registered sex offender's profile and click on the "Report Information to DOJ" button.

Megan's Law Internet Web Site users will only be able to access this feature when they are viewing an Offender Profile (see circle below).

### How to Report Registered Sex Offender Information to the Department of Justice

Most of the registered sex offender information on this web site was provided to the Department of Justice by the local law enforcement agency having jurisdiction over the city and/or county where the offender resides and last registered. If you have information concerning an offender who is in violation of their registration requirements, or if you believe that listed address information is inaccurate, you are encouraged to notify your local law enforcement agency, or you can complete this form and click on the "Submit" button. The information will be forwarded to the appropriate law enforcement agency for follow-up.
